

MEMORANDUM

June 19, 2009

To: WSPP Executive Committee

From: WSPP Legal Counsel

Re: Schedule C Materials

Regarding the discussion of the prescheduling provisions of Service Schedule C, Citigroup requested that we circulate their clarification below. Inasmuch as language in the Service Schedule C materials is attributed to them, we agreed.

Subject: Citigroup Clarification to email "WSPP: Executive Committee Agenda and Materials"

Citigroup has not wavered from its original position that "no change" within the Schedule C language is the right direction for the WSPP contract when discussing day-ahead scheduling.

Citigroup derived an "option 2," as written in the document titled "Service Schedule C Revisions 061609.doc," solely in response to the voted on language at the OC meeting and per the request of several individuals. Citigroup endorses Option 1, because it more closely reflects the original position of our organization .

We do not believe a change is necessary for day ahead scheduling, within the WSPP contract, and we believe the entire issue of scheduling is better handled at the regional level.

Regards,

Kolby Kettler
